To Whom it May Concern:

Re: ODOROX Hydroxyl Technology

As Equipment and Hockey Operations Manager of the Victoria Grizzlies Junior 'A' Hockey Team (BCHL) I wanted to tell you that since we installed your technology in our dressing room all smells have been eliminated. We also have noted that the players appear to be staying healthy even if one might have cold or flu symptoms.

We would highly recommend the use of this technology in sports facilities and locker rooms.

Sincerely,

Don Robinson

Don Robinson,
Director of Hockey Operations
